## SUMMARY OF CHANGES

This document has been substantially revised and needs to be completely reviewed. Major changes include re-naming the Procurement Fraud Remedies Program as the Acquisition Integrity Program, to more accurately reflect the program's mission and improve ease of recognition by using the same naming convention used by sister programs at other agencies such as the National Aeronautical and Space Administration and the Department of the Navy. It relieves Acquisition Fraud Counsels (AFCs) of the requirement to transmit all remedies plans to SAF/GCR. It updates language to reflect application to the Space Force, adds the requirement for the Office of Special Investigations (OSI) to provide fraud recoveries data to SAF/GCR for each fiscal year, adds procedures for processing information demands and requests, removes language regarding the opening and closing of cases, and adds language regarding nonprocurement transactions.

## 2.1. General.

2.1.1. Substantive resources regarding procurement fraud remedies, including the Air Force Procurement Fraud Remedies Guidebook, can be found at the SAF/GCR intranet site on the Air Force Portal at <u>https://www.my.af.mil</u>.

2.1.2. AFCs may use the Contractor Responsibility Information System software tool to assist with case processing in accordance with this chapter. The software tool may be accessed at <a href="https://www.cris.hq.af.mil">https://www.cris.hq.af.mil</a>.

2.1.3. AFCs shall coordinate with and provide support, as appropriate, to all case stakeholders in coordination with AF/JAC, including SAF/GCR, OSI, DOJ, the Defense Contract Management Agency, the Defense Contract Audit Agency, and the program management office and the contracting office for the affected contract or instrument, from case inception to case resolution. (T-1).

2.1.4. Case Inception.

2.1.4.1. When the AFC becomes aware of a significant investigation as defined in this instruction, the AFC shall develop an initial remedies plan as required by DoDI 7050.05, *Coordination of Remedies for Fraud and Corruption Related to Procurement Activities*, Enclosure 2, paragraphs 3(f) and (g). (T-0). A remedies plan template can be found at **Attachment 2**; it is only a template and its precise use is not required in all cases. A remedies plan may also be developed for investigations involving nonprocurement transactions.

2.1.4.2. When a case affects multiple MAJCOMs, FLDCOMs, FOAs or DRUs, the AFC should proactively communicate and collaborate with the AFC of other affected activities to determine a reasonable method for case coordination, to include consensus designation of an appropriate lead AFC. Lead counsel may be the counsel whose installation or activity has the greatest financial equity or greatest command interest in the matter under investigation, although other considerations may be pertinent as well. AFC may also request in writing that AF/JAC designate a lead AFC in a particular case.

2.1.5. Case Updates.

2.1.5.1. AFCs shall:

2.1.5.1.1. Promptly inform AF/JAC of significant case developments when they occur and, if requested, provide a copy of the remedies plan to SAF/GCR. (T-1). AF/JAC shall promptly provide updates and, if requested, remedies plans, to SAF/GCR. (T-1).

2.1.5.1.2. Update the remedies plan as appropriate, to include identifying and documenting adverse mission impacts, and preparing agency victim impact statements. (See DoDI 7050.05, *Coordination of Remedies for Fraud and Corruption Related to Procurement Activities*, Encl. 2, paragraph 3(g) and Encl. 5, paragraph 2(d)). (T-0).

#### 2.1.6. Case Remedies.

2.1.6.1. AFCs shall:

2.1.6.1.1. Follow the procedures at DoDI 7050.05, *Coordination of Remedies for Fraud and Corruption Related to Procurement Activities*, paragraph 3c, when pursuing contractual or administrative remedies (e.g., suspension or debarment) prior to the resolution of ongoing litigation, or prior to the commencement of litigation but during an ongoing DOJ investigation. (T-0).

2.1.6.1.2. Promptly inform AF/JAC and the cognizant OSI agent of any remedies and recoveries achieved, to include contractual remedies executed by the contracting officer (including non-monetary remedies) and the transmittal of funds to either the Air Force, the Space Force or the US Treasury as a consequence of case settlement or other resolution. AF/JAC shall inform SAF/GCR of any remedies and recoveries. (T-0).

## 2.2. Special Considerations Regarding Litigation.

2.2.1. AFCs shall:

2.2.1.1. Provide through AF/JAC, at appropriate litigation milestones or upon request by SAF/GCR, written analyses and recommendations concerning fraud and corruption related litigation involving procurement or nonprocurement transactions affecting the AFC's installation (assigned to the AFC), including with respect to intervention and settlement. Such analyses and recommendations shall assess the merits of the case and the quantification of damages, and include the input of all case stakeholders. (T-1).

2.2.1.2. Coordinate with OSI in preparing cases for presentation to DOJ attorneys. (T-1). Present cases to DOJ attorneys jointly with OSI, when practicable. (T-1).

2.2.1.3. Initiate, manage, monitor, resolve and close litigation holds throughout case processing, as appropriate. (T-1). See for reference DAFI 51-301 Chapter 4. This includes qui tam litigation, qui tam litigation in which the government declined to intervene, and other fraud or corruption litigation involving procurement or nonprocurement transactions.

#### 2.3. Litigation demands and requests.

2.3.1. DAF activities that receive demands or requests from private qui tam litigants, or from private litigants in other fraud or corruption related litigation affecting procurement or nonprocurement transactions, shall send such demands or requests to the AFC and to SAF/GCR. See DAFI 51-301, *Civil Litigation*, paragraphs 3.6 and 3.8, for assessment criteria for demands and requests. SAF/GCR determines whether official information is released, whether Air Force personnel may appear and testify as witnesses in such litigation or be interviewed or contacted pursuant to such litigation, and whether any conditions are imposed concerning such release, appearance, or contact. (T-1).

2.3.2. DAF organizations and personnel will only produce, disclose, release, comment upon, or testify concerning those matters approved by SAF/GCR in writing. (T-1).

2.3.3. DAF military and civilian personnel shall not provide opinion or expert testimony including, but not limited to, the issues of liability or causation, concerning official DoD information, subjects, or activities unless authorized to do so by SAF/GCR in writing. (T-1).

## 2.4. Special Considerations Regarding Suspension and Debarment.

2.4.1. SAF/GCR follows the uniform procedures for suspension and debarment prescribed in FAR Subpart 9.4 and DFARS, *Defense Federal Acquisition Supplement*, current edition, Appendix H – Debarment and Suspension Procedures, and the procedures in 2 CFR § 1125, Nonprocurement Debarment and Suspension, as applicable.

2.4.2. Referrals for suspension or debarment may generally follow the guidance at DFARS, *Defense Federal Acquisition Supplement*, Procedures, Guidance and Information Subparts 209.406- 3(i) - (iv). See also *Air Force Federal Acquisition Supplement*, Subpart 5309.406- 3(a).

2.4.3. The causes for suspension and debarment delineated in *Federal Acquisition Regulation* 9.4 are not exclusive to fraud or corruption. Thus, some matters may be referred to the Suspending and Debarring Official that have no connection with a fraud or corruption investigation. These matters may include, for example, instances of poor performance or nonperformance of a procurement or nonprocurement transaction (See the causes for suspension and debarment in *Federal Acquisition Regulation*, Subpart 9.4 and Title 2, *Code of Federal Regulations*, Part 1125).

2.4.4. AFC who refer a case for suspension or debarment which is also a significant procurement fraud case should ensure other procurement fraud remedies, including contractual remedies, are appropriately analyzed in a remedies plan, as required by DoDI 7050.05, *Coordination of Remedies for Fraud and Corruption Related to Procurement Activities*. (T-0). Substantive resources regarding suspension and debarment, including the Interagency Suspension and Debarment Case Law Compendium, can be found at the SAF/GCR intranet site on the Air Force Portal at <u>https://www.my.af.mil</u>.
