Re: Notice of Debarment

Ladies and Gentlemen:

Effective this date, the Air Force has debarred Artisan Construction, Inc. (DUNS No.: 01-832-4008), (hereinafter Artisan Construction) from Government contracting and from directly or indirectly receiving the benefits of federal assistance programs. This action is initiated pursuant to Federal Acquisition Regulation (FAR) Subpart 9.4, Defense FAR Supplement 209.4 and Appendix H, and 2 C.F.R. Part 1125. The effects of debarment are set forth in the Notice of Proposed Debarment as well as in the aforementioned regulations, which are provided on our website at: <http://www.safgc.hq.af.mil/organizations/gcr1/index.asp>.

On May 07, 2012, the Air Force proposed Artisan Construction for debarment and afforded it the opportunity to submit information and argument in opposition to its proposed debarment. Artisan Construction was issued a Notice of Proposed Debarment and a Memorandum in Support of the Proposed Debarment. Artisan Construction has not responded.

I have carefully considered all information contained in the Administrative Record and have made the following determinations: a preponderance of the evidence establishes the existence of a cause for debarment; Artisan Construction has failed to demonstrate its present responsibility; and debarment is in the public interest and necessary to protect the Government's interests.

I have determined that a three-year debarment term is appropriate and commensurate with the seriousness of the cause for debarment. Artisan Construction's debarment is effective immediately and will run from the date of its proposed debarment, May 07, 2012, and, thus, will terminate on May 06, 2015.

Sincerely,

Re: Notice of Debarment

Mr. Weitzel:

Effective this date, the Air Force has debarred Procoat of LA, Inc. (hereinafter Procoat of LA), from Government contracting and from directly or indirectly receiving the benefits of federal assistance programs. This action is initiated pursuant to Federal Acquisition Regulation (FAR) Subpart 9.4, Defense FAR Supplement 209.4 and Appendix H, and 2 C.F.R. Part 1125. The effects of debarment are set forth in the Notice of Proposed Debarment as well as in the aforementioned regulations, which are provided on our website at: <http://www.safgc.hq.af.mil/organizations/gcr1/index.asp>.

On May 07, 2012, the Air Force proposed Procoat of LA for debarment and afforded it the opportunity to submit information and argument in opposition to its proposed debarment. Procoat of LA was issued a Notice of Proposed Debarment and a Memorandum in Support of the Proposed Debarment. Procoat of LA has not responded.

I have carefully considered all information contained in the Administrative Record and have made the following determinations: a preponderance of the evidence establishes the existence of a cause for debarment; Procoat of LA has failed to demonstrate its present responsibility; and debarment is in the public interest and necessary to protect the Government's interests.

I have determined that a three-year debarment term is appropriate and commensurate with the seriousness of the cause for debarment. Procoat of LA's debarment is effective immediately and will run from the date of its proposed debarment, May 07, 2012, and, thus, will terminate on May 06, 2015.

Sincerely,
